**DETAILED ACTION**

***Information Disclosure Statement***

1. The information disclosure statement (IDS) submitted on 1-5-2004 has been considered by the examiner.

***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance: The claims are allowable over the prior art of record because the prior art of record does not teach or suggest a driving-force transmitting part comprising an integral part having a fitted portion, a spur gear, a helical gear between the spur gear and the fitted portion; a shaft portion, and a non-circular twisted protrusion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Specification***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Prichett (US2003/0223773) teaches an integral spur and helical gear.

***Conclusion***

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Quana Grainger whose telephone number is 571-272-2135. The examiner can normally be reached on M-F 7-4:30.
